

Illinois Adjustable Block Program DG Consumer Disclosure Form Portal Reference Guide

Overview

By participating in Illinois Shines, an installer or other vendor is required to provide customers with disclosure forms so that customers have accurate information about the PV system, including its size, cost, operations, warranties, and financial benefits. At the point when the customer decides to enter into a solar contract, the customer will sign this form indicating that the information in it has been provided to them. The form will be submitted to the Illinois Shines Program Administrator as part of a system's application. The Program Administrator may contact the customer to verify that they received this form.

The installer or other vendor is also required to provide the customer with an Informational Brochure about Illinois Shines. The Brochure can be found at <http://illinoisabp.com/wp-content/uploads/2018/12/Brochure.pdf>

Overview

The following instructions offer guidance on how to access and complete a Disclosure Form through your Approved Vendor portal. Only Approved Vendors have access to the Disclosure Forms. Please remember the following:

- Select the appropriate form type before beginning a new disclosure form. There are four form types: PPA, lease, system purchase, and systems over 25 kW
- Every completed disclosure form will create a Part I project application at the time the project application portal is live with all of the information from the disclosure form already prefilled, eliminating the need for duplicate data entry.
- Disclosure forms must be completed through the Illinois ABP website, without exception.

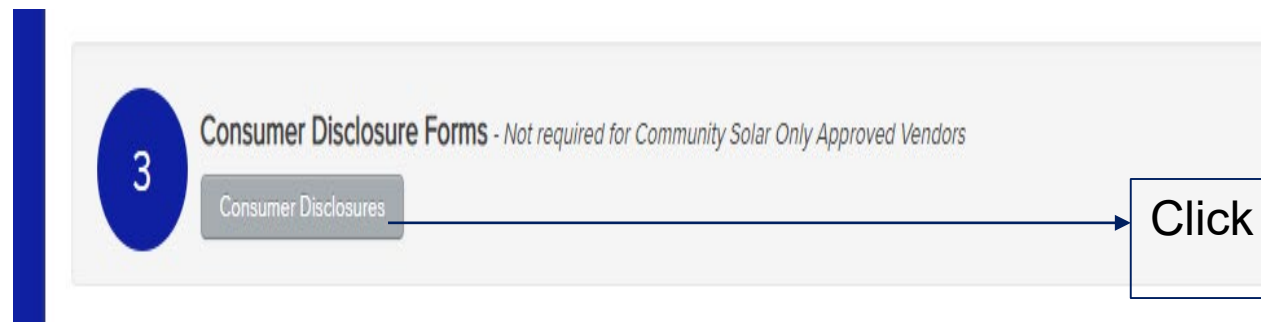

Access Disclosure Forms

Access the IllinoisABP website at www.illinoisabp.com

Login to access your Approved Vendor Portal

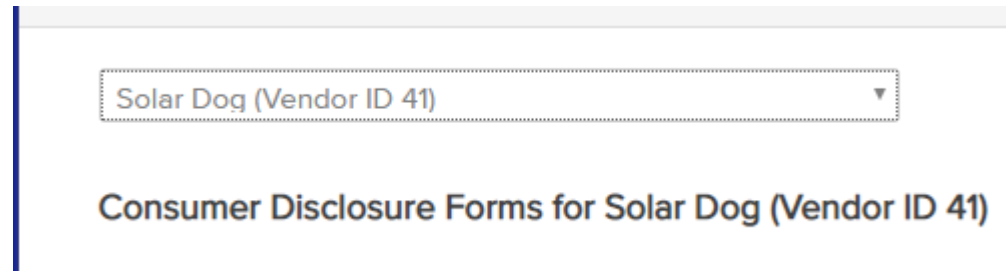

On your Vendor Dashboard, go to Item #3 Consumer Disclosure Forms

Click Consumer Disclosures

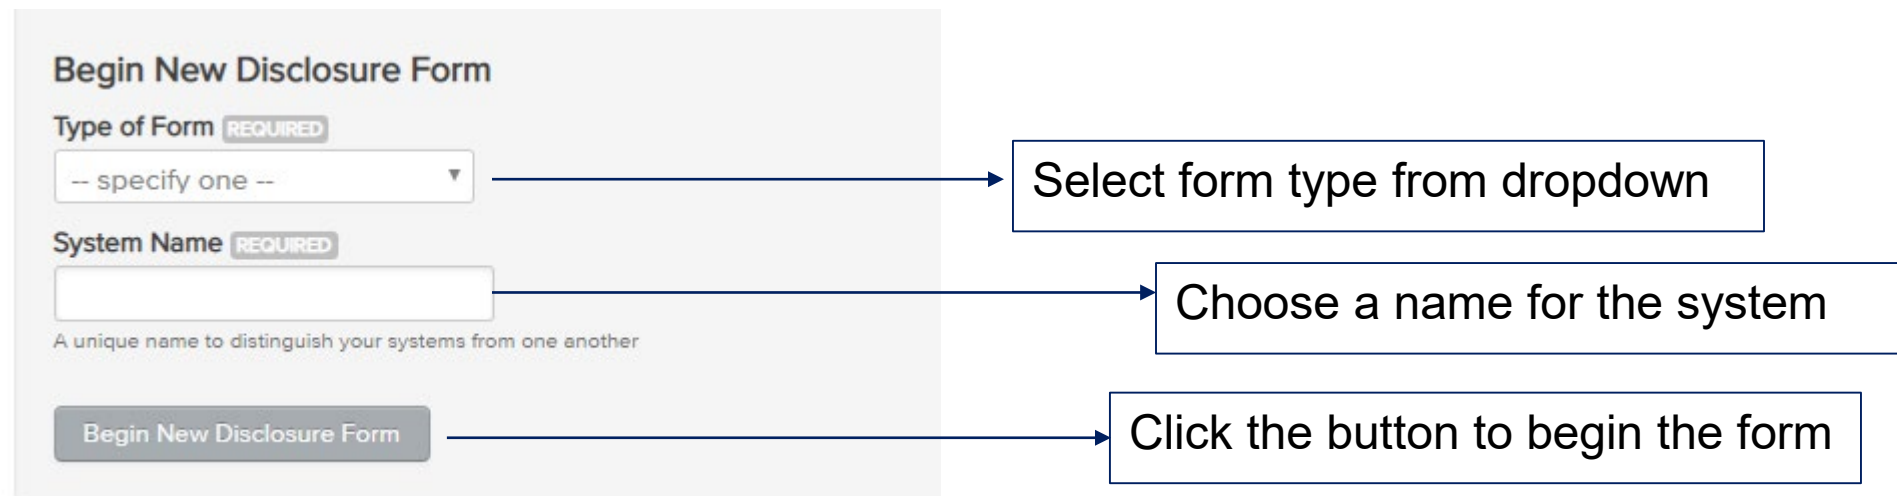

Begin New Disclosure Form

Select an Approved Vendor (if you have more than one)

A screenshot of a web form showing a dropdown menu with the text "Solar Dog (Vendor ID 41)" and a downward arrow. Below the dropdown, the text "Consumer Disclosure Forms for Solar Dog (Vendor ID 41)" is displayed.

Begin New Disclosure Form

A screenshot of the "Begin New Disclosure Form" form. The form contains the following fields and a button:

- Begin New Disclosure Form** (Section Header)
- Type of Form** (REQUIRED) with a dropdown menu showing "-- specify one --". An arrow points from this dropdown to a callout box: "Select form type from dropdown".
- System Name** (REQUIRED) with a text input field. An arrow points from this field to a callout box: "Choose a name for the system". Below the input field, the text "A unique name to distinguish your systems from one another" is displayed.
- Begin New Disclosure Form** (Button). An arrow points from this button to a callout box: "Click the button to begin the form".

Begin New Disclosure Form

Disclosure Form Types

- System Purchase Form – Select this form if the customer pays for and owns the system.
- Power Purchase Agreement Form – Select this form if the customer agrees to host a system and to buy electricity generated from it at a per-kilowatt-hour rate from a company that owns the system
- Lease Form -Select this form if a customer enters into a service contract to pay scheduled, pre-determined payments to a solar leasing company, which owns the system on the customer's property
- System Over 25 kW - Select this form if the facility is over 25 kW. The system can be a purchase, PPA or Lease.

Customer Contact Information
