Annual Report Training and Diversity Stakeholder Comments – Michael Lewis Company

Eric Simon

Mon, Jul 13, 2020 at 10:16 AM

To: ABP Administrator InClime <admin@illinoisabp.com>

Our comments are around ensuring that private companies like ourselves who aren't solar developers are excluded from this report as its not applicable. This was already granted when the reporting was first requested but it would be good to see these rules delineate the difference between a private company putting solar on their own rooftop and developers who are in this solar business.

Thanks,

Eric
