

**Illinois Adjustable Block Program
Community Solar Waitlist Capacity Transfer Confirmation**

Transferor ABP Approved Vendor ID#: _____

Transferor ABP Approved Vendor Name: _____

Transferee ABP Approved Vendor ID#: _____

Transferee ABP Approved Vendor Name: _____

Amount of Group A Capacity Transferred (kW AC): _____

Amount of Group B Capacity Transferred (kW AC): _____

Date of Transfer: _____

Both ABP Approved Vendors listed above confirm the above listed transfer of capacity allocated through the ABP community solar waitlist process implemented by the Illinois Power Agency as a result of the enactment of the Climate and Equitable Jobs Act ([Public Act 102-0662](#)). This transfer is subject to review and approval by the Program Administrator.

The deadline by which ABP Approved Vendors with allocated capacity must select waitlisted community solar projects to fill that capacity is March 14, 2022. As a result, any transfers of allocated capacity must be completed, this form executed by both parties, and then provided to the Program Administrator via email at admin@illinoisabp.com with the subject line “**CS Waitlist Capacity Transfer Confirmation**” no later than **February 28, 2022**.¹

The Program Administrator will confirm the approval or rejection of all transfers of waitlist capacity by March 8, 2022. Approved Vendors who wish to appeal the Program Administrator’s determination to reject a transfer must submit a written appeal the determination to the Illinois Power Agency by March 10, 2022.

¹ No Approved Vendor (or its affiliates) may have more than 20% of a Group’s capacity (e.g., no more than 15 MW for Group A or 35 MW for Group B) in those project application portfolios submitted back to the Program Administrator on March 14, 2022. Approved Vendors (or their affiliates) may exceed that limit between December 14, 2021 and the deadline for transfers of allocation, but must be at or below the limits by February 28, 2022.
