Hi Abby,
Please find some word revisions suggestions attached.

Kim Knowles they/their
Policy Director A Just Harvest
[REDACTED]

An Approved Vendor has responsibility for managing and supervising a Designee that markets and enrolls customers using a business model where the specific community solar project and Approved Vendor is not determined at the time of the customer's enrollment. In this situation, any Approved Vendor to whom the prospective customer might ultimately be assigned is responsible for any marketing, enrollment, and other Designee activities, directed as such customers, that occur prior to the assignment of the customer to a particular ~~another~~ Approved Vendor's project. As such, multiple AVs may have responsibility for a Designee's actions during the period leading up to the assignment of the customer to a particular project. It is only the Approved Vendor to whom the customer is ultimately assigned that continues to have responsibility for the Designee's ~~ongoing~~ activities following the assignment..
