Hello,

ComEd would like to propose changes to the Extension Request Process. In an effort to increase efficiencies and eliminate unnecessary administrative work, we would like the IPA to consider that any project extensions that are granted at the discretion of the IPA be for a minimum of 3 months. ComEd has noted instances of projects requesting one month extensions at a time and the project has had to come back for multiple extensions.

[Released March 13, 2024](#)

While under the REC contract an extension requested under good cause may be any length, the Agency appreciates extension requests that are ~~at least~~[between](#) three months [to one year](#) in length to ease administration of this contract provision.

Thank you for your consideration,

Janelle Navratil
