Stakeholder Support

- **Program Administrator Office Hours** – May 1, 2024 - 10:00 – 11:00 a.m. CPT - Individual AV or Designee support for Program requirements, portal, application, or other questions. Zoom link: <https://energy-solution.zoom.us/j/95588710302Co>.
- **Application Tips and Tricks** - Supplementing previous guidance, the Program Administrator seeks to continue supporting stakeholders in the avoidance of project applications entering Need Info status.
 - **Document Reminder** - The Program recommends that stakeholders include the Application number and description in the file name of supporting documents submitted with project applications. In addition, uploading supporting documents to the designated application location, rather than in “additional documents”, helps support faster review.
 - An example of this would be for the Certified Transcript of Payroll document (which is submitted in Part II) should be named “CTP_App_123456”.

Program News – New or Updated Items (All Program updates can be found on the [Program Updates webpage](#))

- **REC Transfers** – As a reminder, June 1, 2023 - May 31, 2024 constitutes the “2024 delivery year.” RECs successfully transferred during the delivery year are used to calculate any necessary collateral adjustments or contract default. **This means generation data must be uploaded into GATS or M-RETS and transferred to the Buyer by May 31, 2024.**
 - *Please note: Once generation data is uploaded to GATS, it may take up to seven days for the data to process and for a REC certificate to be created. Once created, the certificate needs to be transferred successfully. Keeping this in mind, please endeavor to have all available energy generation data uploaded to GATs at least seven days before May 31, 2024 to allow time for REC certificate creation and transfer.*

- Generation data uploaded to M-RETS is processed instantly, creating, and transferring RECs per a standing order within moments. Nonetheless, AVs may want to act early out of an abundance of caution. Any RECs generated or transferred after the May 31, 2024 deadline will be counted towards the 2024 delivery year's Annual Report.
- **IPA Releases Final 2024 Illinois Shines REC Delivery Contracts** - On [April 22, 2024](#), the IPA published the 2024 REC Delivery Contracts. These contracts are for use for projects approved in the 2024-25 Illinois Shines Program Year which begins June 3, 2024. All projects approved by the ICC after June 3, 2024, will use the new 2024 REC Contracts, regardless of application submission date. The Program will provide an “off-ramp” option for any already-applied projects expecting to receive an award under the 2022 REC Delivery Contract that is unable to be developed under the updated 2024 REC Delivery Contracts. **Approved Vendors must make this request prior to Part I Verification.** REC Delivery Contracts can be found on the [Program Documents](#) page on the Program website
- **IPA Publishes 2024 Long-Term Renewable Resources Procurement Plan** - On April 19, 2024, the IPA published the [Final 2024 Long-Term Renewable Resources Procurement Plan](#) (Long-Term Plan), approved with modifications by the Illinois Commerce Commission on February 20, 2024. The final Plan can be found on the [Current Approved Plans](#) page of the IPA website and the Illinois Shines Program Documents page, along with appendices and a redline comparison of this final Plan with the one filed in October 2023.
- **Minimum Equity Standard (MES) – Updated Submission Materials and Supplemental Guidance, and SharePoint Folders** - As shared on [April 11, 2024](#), the Program published updated Minimum Equity Standard (MES) information, including key dates, the [Equity Eligible Persons \(EEP\) Attestation](#) form, [updates to the Program Year 2023-24 MES Year-End Report template](#), release of the [MES Compliance Plan for Program Year 2024-25](#), additional guidance for union entities seeking an MES waiver, and other helpful clarifications, guidance, and additional resources. This week, the Program added MES sub-folders to AV SharePoint folders. Organizations without existing SharePoint folders should have received email notification from Microsoft SharePoint with a link to their newly created folder. For support or questions, please contact the Program Administrator at mes@illinoisshines.com.
- **May 2024 Consumer Protection Working Group** - The Agency and its Program Administrators for Illinois Shines and Illinois Solar for All will host the next Consumer Protection Working Group meeting on **May 3, 2024**, at 10:00 a.m. CPT. The Working Group's meeting agendas, Zoom links, and a participation interest form can be found on the [Consumer Protection Working Group](#) page on the Program website.
- **2024-25 Program Year Welcome Webinar** - June 3, 2024 marks the opening of the 2024-25 Program Year. In support of stakeholders, an informational webinar on the upcoming 2024-25 Program Year changes will be held on May 23, 2024 from 12:00 - 1:00 p.m. CPT. The Program Administrator and IPA will discuss the updated Long-Term Plan, Program Guidebook, and Consumer Protection Handbook as well as the updated REC capacity and pricing. Please use this [link](#) to register for this event.
- **U.S. EPA Awards \$156 Million to Bring the Benefits of Solar Energy to Underserved Communities Across Illinois** - On [April 25, 2024](#), the IPA announced the *U.S. EPA Awards \$156 Million to Bring the Benefits of Solar Energy to Underserved Communities Across Illinois*. The [announcement](#) provided details on how the IPA will use the awarded money to expand existing solar incentive programs and bring the benefits of solar energy to low-income and disadvantaged communities across Illinois.
- **New to the Program Website** - The following key additions to www.IllinoisShines.com have been shared:
 - [2024 Long-Term Renewable Resources Procurement Plan](#) and [Redline comparison of filed 2024 Long-Term Plan and Final 2024 Long-Term Plan](#) ([Program Documents](#) Page)
 - [Final 15-Year REC Delivery Contract \(April 22, 2024\)](#) and [\[Redline\] ABP 15-Year REC Delivery Contract \(April 22, 2024 vs 2022 Contract\)](#), [Final 20-Year REC Delivery Contract \(April 22, 2024\)](#) [\[Redline\] ABP 20-Year REC Delivery Contract \(April 22, 2024 vs 2022 Contract\)](#) ([Program Documents](#) Page)
 - [Approved Vendor Application Requirements](#) PDF ([Become an AV or Designee](#) page)

Program News – Previously Published Items (All Program updates can be found on the [Program Updates webpage](#))

- **General Program**
 - **Updated Program Year 2024-25 Program Guidebook, Consumer Protection Handbook, and DG and CS Contract Requirement Documents Released** - On [April 18, 2024](#), the Program published updated versions of the [Program Guidebook](#), [Consumer Protection Handbook](#), and [Distributed Generation and Community Solar Contract Requirements](#). These documents reflect changes to conform with the 2024 Final Plan, approved on February 20, 2024 by the Final Order of the ICC and stakeholder feedback processes. See the announcement for high-level changes to the Program Guidebook and Consumer Protection Handbook. These documents are published 45 days in advance of the start of the 2024-25 Program Year, and **Program participants are required to be in compliance with requirements outlined in these documents by June 3, 2024.** **Please note** that the February 27, 2024 version of the Program Guidebook, and the April 17, 2023 versions of the Consumer Protection Handbook, and Distributed Generation and Community Solar Contract Requirements documents, found at the [Program Documents](#) page of the website, remain in effect until the new Program Year commences on June 3, 2024.
 - **Program Closure May 27, 2024 – June 3, 2024** - On Monday, May 27, 2024 at 8:00 a.m. CPT the Illinois Shines program will close for the 2023-24 Program Year. **All Portal functions, including the ability to submit Part I project applications or to download or submit Disclosure Forms (in all forms and manners including API, CSV, PDF), will be unavailable during this period. Please note that the requirement that customers sign Disclosure Forms prior to signing an installation contract or subscription agreement will remain in effect, and Approved Vendors and Designees will need to plan accordingly.** All other activities and support provided by the Program Administrator will remain available. During this closure the Portal will be unavailable for use by stakeholders while the Program prepares the portal for the new Program Year including updated block capacity configurations, REC pricing and more. The Portal will re-open for the 2024-25 Program Year on June 3, 2024 at 8:00 a.m. CPT.
 - **Initial Review Underway on Waitlisted Distributed Generation (DG) Projects** - See [previous](#) announcement.

Ongoing Operations Updates

- **May REC Invoicing Opens May 1, 2024** - REC invoices and Quarterly Netting Statements will be made available for download from AV SharePoint folders on **May 1, 2024**. Invoices must be submitted to the utility by May 10, 2024 to receive payment for the May invoice period. Any invoice amounts not submitted to the utility by May 10, 2024 will be carried forward and included in the next invoice period (August 2024).
- **Part II Verification Cut Off for May** - To allow time for invoice calculation and generation, the last valid Part II Verification date for May will be **May 24, 2024**. Applications that are Part II verified on or before May 24, 2024 will be included in the June invoicing period. Application processing will continue throughout the last week of the month and any applications that are reviewed between May 25, 2024 and May 31, 2024 will be invoiced in July 2024.
- **Re-Batching for ICC Meetings** - In advance of each submission of batches to the ICC for approval, AVs are provided the opportunity to withhold or re-batch projects. In the absence of any action by an AV, the Program Administrator will re-batch the projects at their discretion and submit eligible projects to the ICC.
 - **It is extremely important that AVs review their re-batching files on SharePoint to indicate any re-batching preferences, but especially requests to withhold projects from submission.** The Program Administrator alerts AVs by email when they have projects that are eligible for re-batching and planned to be submitted to the ICC in the next memo. Unfortunately, sometimes these communications are missed, and projects are submitted to the ICC despite an AVs intent to hold a project back.

- The Program Administrator requests that AVs who believe they may want to withhold or re-batch projects mark their calendars and review SharePoint folders for re-batching templates. This way, if any email alerts are missed, AVs are still aware of the dates that re-batching opens and can check if any projects are in the upcoming ICC submission. Below are the next re-batching windows:

Re-Batching Opens for AVs	Election Deadline – 12:00 p.m. CPT (Re-batching closes for AVs)	Trade Date (ICC Meeting Date)
4/30/2024	5/2/2024	5/16/2024
5/13/2024	5/15/2024	5/30/2024
5/17/2024	5/21/2024	6/5/2024
6/3/2024	6/5/2024	6/20/2024
6/13/2024	6/17/2024	7/2/2024
7/8/2024	7/10/2024	7/24/2024
7/16/2024	7/18/2024	8/1/2024
7/29/2024	7/31/2024	8/14/2024
8/13/2024	8/15/2024	8/29/2024

Application Processing Updates

- **Application Processing Tables** - Application processing tables are maintained at IllinoisShines.com/project-application-reports/. These tables are typically updated daily, but in some cases may experience slight delays. The Program Administrator is currently experiencing technical issues and data on the [Project Application Reports](#) page and it may not be updated daily. Thank you for your patience as the Program Administrator works on a solution. For questions about specific project applications, please contact the Program Administrator at admin@IllinoisShines.com.

Ongoing Program Portal Updates

- The latest portal updates and enhancements, a Portal Development Roadmap, and portal help guides can be found at <https://illinoisshines.com/portal-updates/>.
- **Portal Maintenance and Releases** – Scheduled system maintenance windows continue on **Tuesday and Thursday evenings (from 8:00 p.m. to 11:00 p.m. CPT)**, during which times the Portal is typically unavailable to users; the Program hopes these windows are minimally disruptive to Program participants. **Users working in the Portal should save their work prior to the 8:00 p.m. CPT start of system maintenance window, as any unsaved information will be lost when the system is moved into maintenance mode.** In some cases, Portal availability may resume earlier than 11:00 p.m. CPT, though **AVs and Designees should plan on the full three hours.**

Requirements and Reminders

- **Stakeholder Feedback** - This table outlines current and forthcoming proposals and feedback requests, which can also be found [at the Program website](#):
