**Subject:** [External] FEEDBACK ON CONSUMER PROTECTION DOCUMENTS

---

Dear IPA:

We would like some clarity with regard to the following sentence from **C. Stranded Customer REC Adder**. “The REC Adder will not be available for projects that were already assigned to a new Approved Vendor prior to the launch of the REC Adder.” Is the “launch of the REC Adder” when the ICC gave the IPA authority to create the REC adder incorporated as part of the 2024-2025 Program Documents? Or is the “launch” at the time the Agency finally develops and implements the REC adder contemplated under the 2024-2025 Program Documents.

Thank you

**CURT REHBERG**
